ARCHIPEL U – The Literarisches Colloquium Berlin (LCB) in cooperation with the Ukrainian Book Institute is organizing an International Meeting of Translators of Ukrainian Literature.

Up to 30 literary translators from all over the world will have the opportunity to learn about current developments in Ukrainian literature, exchange views on current translation approaches, discuss strategies for promoting Ukrainian literature. Participants can become involved in a growing network through personal contacts with authors, publishers, and critics, as well as with colleagues in other countries. Questions of aesthetics and poetic traditions will be discussed along with the economic conditions and best practices in the promotion of Ukrainian literature in the participants' countries. A public event on contemporary Ukrainian literature will complement the discussions that take place during the conference.
